RELATED EXPERIENCE

ELLUMEN, INC.   April 2021 – Present
Software Developer
- Authorized with Public Trust Security Clearance with the DHA.
- Solely maintain all development needs for two web portals for the VA, creating new features, responding to all client requests, and overseeing twice-a-week deployments.
- Currently refactoring both web portals mentioned above into TypeScript.
- Consult with cross-functional teams — compliance, technical writing, content creation — to generate comprehensive solutions for a variety of Veteran Affairs needs.
- Introduce and standardize modern 508 / a11y compliance into legacy government software.

R CREATIVE SERVICES   July 2020 – April 2021
JavaScript Developer
- Engineered all unique JavaScript applications and deployed as stand-alone PWAs or integrated into CMS platforms.
- Responsible for entire port from one website host, theme, and codebase to another
- Enlivened front-end platforms with tailor-made designs to account for each customer's personal needs, tastes, and styles.
- Reinvigorated website themes and content to magnify discoverability, impressions, and revenue.
- Forward-facing with clients, routinely communicating deadlines and consulting with them about vision, expectations, progress.

FULL STACK DEVELOPER   July 2020 – April 2021
Freelance, Self-Employed
- Blueprinted and constructed customized Discord Bots in Node.js for niche communities such as gaming servers, novelty traders, and religious groups.

ADDITIONAL EXPERIENCE

MERLIN ENTERTAINMENTS / MERCHANTS PREFERRED / VALET LIVING   March 2012 – January 2020
Operations / District Manager
- Led teams of 30-100 people to deliver exceptional customer experience measured by TripAdvisor scores and top-of-the-line employee engagement scores measured by bi-annual surveys.
